First steps in Germany

Your perfect start

5 steps for a perfect start:

There are only a few things that are absolutely indispensable when you're new in Germany. This brochure walks you through them step by step and tells you where to go to get what you need.

For employees

Step 1:

The first thing you'll need is a place to live. Once you've found somewhere, you have to register your new address with the **Einwohnermeldeamt** (residents' registration office). You can normally do this at the **Rathaus** (town hall) or **Bürgeramt** (administrative office for citizens), where they will issue you an **Anmeldebestätigung** (confirmation of registration). In most areas, you can get in touch with your local office by dialling the general phone number 115. They'll be able to help you with any questions you may have regarding registration. www.115.de

Step 2:

Once you've received the **Anmeldebestätigung**, you'll be asked whether you have a tax identification number (**Steuer ID-Nr.**). Your tax ID is important when you start working. If you aren't asked about it when registering, please visit your **Finanzamt** (tax office) and apply for a tax ID there. You can find out which your local tax office is here: <http://gemfa.bzst.bund.de/gemfai.exe>

Step 3:

In Germany, you also need health insurance cover. BARMER is one of Germany's largest health insurance companies. Please get in touch with your BARMER representative for more information. He or she will be able to tell you the quickest and simplest way of joining. We'll then take care of informing your employer or university about your health insurance policy on your behalf.

Step 4:

In addition to this, you'll need a social security number so that your employer can pay you and we can book your insurance premiums correctly. Your BARMER representative can apply for this number on your behalf and you'll receive it within a few days. You then just need to let your employer know.

Step 5:

Last but not least, you'll need to open a current account with a German bank. It's a good idea to compare offers, as some banks don't charge account maintenance fees on current accounts.

For studies

Step 1:

First of all you need to be registered with a German health insurance company. This is necessary because you will need a valid health insurance for the enrollment at University and for the visa from the »Ausländerbehörde«. Our advice is to get in touch with your personal BARMER contact to make the application process as fast and as convenient as possible.

Step 2:

After being registered with a German health insurance you are allowed to enroll at University. It is urgent to take care about health insurance before the enrollment. Without a confirmation of membership you can't get enrolled. Our confirmation of membership is accepted at all University's all over Germany. After receiving a confirmation of enrollment you will have to send it to your health insurance.

Step 3:

If you aren't a EU-citizen: For your appointment with the »Ausländerbehörde« you need a confirmation of enrollment and a confirmation of health insurance.

Step 4:

Maybe you think about a side job during University? The HR office of your company will need a German social security number. It is important in order to get paid! BARMER will apply that number for you within a few days.

Step 5:

Last but not least, if you don't have a European bank account, it's advantageous to find a bank in Germany without fees.
